

# Register for Health & Beauty – Simple, Modern EPOS

Modern Electronic Point of Sale (EPOS) is not just about executing payment, managing inventory and keeping records. It's about business management and providing a point of customer service. Register by Smart Volution is an innovative, cost-effective and modern EPOS solution combined with enterprise class support at an affordable price.

Designed for simplicity, the Plus edition of Register provides enhanced functionality to the Health and Beauty market. Register provides operational efficiency to maximise revenue, manage customers and staff, make appointments and reduce no shows. Use on premise or take the mobile solution with you for home visits.
